

Gay Street Moonlight and Sunlight Market 2020 Performer Guidelines

All performers are required to bring their own equipment. If electricity is needed, it needs to be requested in advance for placement, and a 50 foot extension cable is recommended.

Performers are expected to arrive 15 minutes early (or more) to set up and expected to play the entirety of their booked time.

Breaks are permitted. Both busking and merch/cd sales are permitted and encouraged.

If the performer cancels at any time, they will not be paid.

Performers are requested to provide at least three day's notice, but more if possible, if they need to cancel a performance. Canceling less than 24 hours in advance or a "no show" may jeopardize a performer's chances for future bookings. If the Partner cancels 24 hours or more in advance (generally due to weather) the Performer will not be paid.
